

## NK SAFETY GATE

### GENERAL SPECIFICATIONS

**FITTINGS:** NK Mammoth 180 self-closing hydraulic damping swing gate closer and bearing hinge fitted within 50x50mm RHS gate posts.

**WIDTH:** 1m nominal clear opening.

**HEIGHTS:** Various heights 0.9 -1.2m high.

**INFILL OPTIONS:** Ibox, Palisade and Playground Railing.

**FINISH:** Galvanised and polyester powder coated to BS EN 13438-2005 in a range of colours to suit your individual requirements.

**KEY FEATURES:** NK Safety Gate can be incorporated within various fencing options, to suit the perimeter. It offers optimum safety and durability free from finger traps, crush points and shear actions, which can cause injury. Ideal for use at playgrounds, parks etc. where safety is paramount. The closer is fully adjustable to regulate closing speed and pressure and offers a full 180 degree opening angle. The NK Mammoth 180 gate closure also conforms to the relevant regulations regarding maximum permitted opening & closing forces.

\*All dimensions represent nominal values. Closer casing available in aluminium brushed silver finish only.
