

NK Sports systems can be further customised to suit your individual needs. Optional enhancements include:

GOALS

A recessed steel goal mouth integrated into the perimeter fencing system to maximise the use of space within the games area. Goals are finished galvanised and powder coated white.

RADIUS GOAL AND BASKETBALL POSTS

A tubular steel framed welded structure, with integrated basketball board & hoop, galvanised and powder coated to match your perimeter fencing system.

TEAM SHELTERS

A free standing aluminium framed structure, powder coated white with 10mm thick shatter proof polycarbonate top and back panels, side panels comprising of 3mm polycarbonate, including PVC bench seating. Shelters can be integrated into the boundary line if desired.

KICKBOARDS

A soft wood timber kickboard, 225 x 35mm with chamfered upper edge. Boards are fitted to the base of the fencing system using NK Type 005 clip.

TURNSTILES

Comprising of a 3 or 4 arm rotor assembly, galvanised and polyester powder coated to BS EN 13438 in colours to compliment your sports fencing system. Outer frame consists of 25x25mm RHS vertical bar infill.

CODED ACCESS CONTROL

Electronic keypads, intercomms & videocomms with remote gate operation. NK offers a wide range of access control solutions including surveillance and monitoring.
